

# TAYLOR & WATSON LTD

Wentworth Road, Penistone, Sheffield, S36 6ET

Metal Forming & Fabrication Engineers

- Established 1965 -

Tel: 01226 762035 | Fax: 01226 370216 | Email: taylorwatson65@hotmail.com

We offer the following services

## Bending

Forming sections, cones, transformations and many other items

We operate with four press brakes which allows us to bend a wide range of thicknesses

- 1 off 400 Ton x 4800mm Bend Length
- 1 off 400 Ton x 4000mm Bend Length
- 1 off 140 Ton x 4000mm Bend Length
- 1 off 200 Ton x 3000mm Bend Length (CNC)

## Shearing

We can shear a range of steels to the size you require

- 4000 x 16mm Thick Mild Steel
- 4000 x 16mm Thick Aluminum
- 4000 x 10mm Thick Stainless Steel

## Plate Rolling

We can roll full cylinders in a range of materials

- 2500mm Wide x 15mm Thick Mild Steel
  - 2500mm Wide x 12mm Thick Stainless Steel
- and the shorter the thicker*  
*e.g. 460mm x 35mm Mild Steel*

## Fabrications

We can offer profiling (CNC), drilling, sawing and welding services.

We can handle up to 8 Tons per piece in Carbon and Stainless Steels and we specialise in cylinders, conical and square to round type vessel work. There are many other fabrication works we can achieve large and small, contact us to discuss your requirements. Also we can develop all types of fabrications using our drawing packages in house.

If any of the above services are of interest  
We would be pleased to receive your enquires and they will  
be handled with our prompt attention
